*Transforming communities starting with kids*

## BE DISCIPLES MAKE DISCIPLES

### THE SAN QUINTIN DAYCARE

*REACH THE LOST*

This month, I had the chance to sit down with Elizabeth, the new Supervisor of the San Quintin Daycare, and find out how God is moving in this special place. Elizabeth took over the role as Supervisor seven months ago and is excited about the progress made in many areas of the daycare. Since the pandemic began in 2020, the daycare

had taken many precautions to ensure the safety of the staff and children while knowing they needed to remain open. However, with restrictions being lifted, there is a new horizon of possibilities for the short and long-term future. They now care for 90 children, from newborns to six years old.

Since taking over, Elizabeth has taken a particular interest in the health of each student. The children are accustomed to eating beans, tortillas, and fried foods. Much of this is due to the lack of access and resources to secure healthier food options. With the help of our friends at the USANA Foundation, we have been able to secure more fruits and vegetables, making sure that there is one available

at breakfast and lunch for every child. For many of these kids, some of these foods are new, and it has been such a blessing to see them introduced to healthier food options.

Elizabeth shared that they would love to continue doing more in the local community and for the families of the children that attend the daycare. Currently, partnered with our friends at USANA, we have worked with various families providing garden towers with the capability of growing their own fresh fruits and vegetables. They have seen this benefit and reported that some families have grown in excess, sharing with families around them and increasing the accessibility of healthy food options. Likewise, they would like to partner more with the outreach team at the mission, doing team visits and workshops with the families, in order to provide a greater impact in the community and spread the gospel.

Elizabeth shared that she sees God moving in the daycare. She stated that she has an amazing staff who love the kids. However, some of them are not Christians. Through morning prayer and Bible studies with the staff, Elizabeth has seen changes in them, which have an eternal impact on the kids' lives. She can already see how they have opened up more to the gospel, with some having accepted Jesus as their Lord and Savior. For her, this is extremely important and is a great encouragement. As she said, our motto is to "be disciples that make disciples." And this is exactly what is happening. They are witnessing the fruits of the harvest through their reflection of Christ.

# LEARNING TO PRAY

**ZENAIDA AMBROSIO**  
SAN PEDRO, SINALOA

*For the last 11 years, Hugo and Lizette Maldonado have worked tirelessly to get our outreach program started in Sinaloa. They were ready for a break after so much time working in a challenging environment, far from family, doing pioneering work. So we gave them a year-long sabbatical. One of our concerns for that time was how the small team of 4 women left in Sinaloa would be able to carry on with the work. But they have been faithful to love the children and women in their community well. As Hugo and Lizette's sabbatical ends this summer, we are grateful for the ways Betty, Zenaida, Isis, and Marta have sustained this ministry. They have continued to work on building the Kingdom of God in this little corner of Mexico.*

We are very grateful for all that God is doing here in San Pedro, Sinaloa, with our children and women.

This is a testimony of the grandmother of Jesús and how she has been impacted by everything we do in the "Breakfast Club," where Jesús and his sister Luz attend.

A few months ago, Jesús and Luz came to the breakfast club. Before serving breakfast, we did a prayer of gratitude before eating. One of the teachers realized that every time it was time to pray, Jesús would run to the bathroom to avoid the prayer. We discovered the reason was he was embarrassed because he didn't know how to pray. One of the teachers was with him and encouraged him to repeat with the whole group the prayer, and that is how Jesús learned to pray and give thanks for the food.

With a big smile on her face, his grandmother shared in the Tuesday women's discipleship group how in her house, her grandson Jesús says before every meal, "we are going to pray." He reminds them that they should give thanks to God for their food. In the same way, Jesús says "God bless you" to every family member when he is saying goodbye.

In this way and many more, I have seen God working in the families through the children.
